### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard A. Goldenberg on 03/30/04.

The application has been amended as follows:

Claims 1-68 and 75-77 have been canceled.

***Allowable Subject Matter***

2. Claims 69-74 are allowed.
3. The following is an examiner's statement of reasons for allowance:
4. The prior arts of record do not anticipate or render obvious to one skilled in the art a method of forming spacers in a display comprising various steps as claimed, more specifically the steps of forming a positive mold by depositing a photoresist layer on a support and patterning the layer to define an array of posts and forming a resilient negative mold by depositing a material over the positive mold conforming to the array of posts, allowing the material to cure, and separating the cured material from the positive mold, the negative mold defining an array of apertures, each of the apertures corresponding to the post.
5. The closest reference Poco discloses a method of casting patterned dielectric structures wherein the method includes the steps of forming a positive mold using hard, refractory ceramic material and then covering the positive mold with a secondary negative mold. Further, USPAT 5,930,890 discloses forming negative mold using photoresist. Therefore, all of the prior arts alone or in combination fail to teach or suggest the claimed method wherein the positive mold is formed by depositing a

Art Unit: 2871

photoresist layer and patterning the layer to define the array of posts including all other recitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tarifur R Chowdhury whose telephone number is (571) 272-2287. The examiner can normally be reached on M-Th (6:30-5:00) Friday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Kim can be reached on (571) 272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
